# WEAPONS BOXES

Strong and durable storage and weapons boxes are all made utilizing a proprietary design and construction process to allow for precise fit.

- All drawers utilize 500-pound slides regardless of size
- Welded steel tab and slot construction for precise alignment
- 16-guage box and drawer with 12-guage faces for strength
- Poly coated for durability
- Cam paddle latches to discourage and eliminate rattles

## FRONT AND TOP OPENING

- Comes with two mounting plates
- Locking paddle latches
- Under seat truck boxes with electronic key override push button locks

# CONSOLES

Consoles constructed with comfort in mind, for the end user.

- Simple ergonomic design to eliminate clutter and put all equipment within easy reach and line of sight
- Built in armrest
- Cupholders and face plates included
- Ergonomic “dual notch” cutouts to provide clearance for holsters, HT’s or other equipment **A**
- Floor plate included **B**

2020 Interceptor SUV shown
